Warranty conditions

Volvo Penta International Limited Warranty is subject to the following conditions:

- The product has been serviced and maintained in accordance with Volvo Penta recommendations.
- The product has been used for the purpose for which it is intended.
- The driver has operated the product in accordance with Volvo Penta instructions.

Warranty exclusions and limitations

Even premium products require regular servicing, adjustment and parts replacement after a certain number of hours or age.

This is considered normal maintenance/wear & tear and is not covered by the warranty unless it is due to a defect in material or manufacturing.

The warranty covers the costs for replacement or repair of defective Genuine Volvo Penta Parts but no other losses, costs or damage whether direct, indirect or consequential. The warranty does not cover equipment and other parts already covered by the respective manufacturer's own warranty.

You can rest assured that authorized Volvo Penta Business Partners always use Genuine Volvo Penta Parts for warranty repairs. Using Genuine Volvo Penta Parts is the best way to guarantee the long-term performance and reliability of your Volvo Penta product.
